

In a world where light and shadow are personified, a creature of shadow must journey across his dark homeland to return a young spirit of light back to his home. On his journey, he must battle the elements, his own people, and his instincts as a creature of shadow.

A Shadow's Glow is a 2D animated short film produced at Savannah College of Art and Design, directed by Josh Mizrahi and Cole Fourqurean. Utilizing the integration of 2D character rigs, 2D handdrawn FX animation, and moody visuals, A Shadow's Glow tells a heartfelt, but bittersweet story between the two lead characters. It is a visual testament that we can all strive to be better than we were yesterday, and keep moving forward.

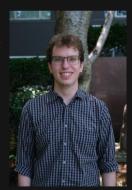

## Josh Mizrahi
